Conference:

AI regulations: between policies and laws in the UAE and EU

Wednesday 19 February 2025

6 pm – 8 pm

Marie Curie Amphitheatre, SUAD Campus

Abstract:

The rapid advancement of Artificial Intelligence (AI) has brought transformative changes across industries and governments, raising critical questions about its governance and ethical implications. This colloquium will explore the current landscape of AI regulations between the UAE and EU addressing pressing issues such as data privacy, accountability, bias mitigation, and transparency.

Experts from academia will discuss frameworks for balancing innovation with societal safeguards. Attendees will gain insights into emerging legal standards and practical strategies for responsible AI deployment.

Join us to shape the future of AI governance in an era of unprecedented technological change.
